

## Day of Prayer: April 19

On April 19, faith communities across the US will incorporate Colombia into the worship service, pray for peace, and send postcards to President Obama calling for concrete change. Ask your faith community leader to set aside April 19 to focus on Colombia. For a packet of sample sermons, prayers, etc., go to:

## Halt the Crisis!

### Colombia Cries for Change

## Day of Action: April 20

On April 20, people in a half-dozen cities across the US will creatively and publicly present to governmental representatives 4000 paper cut-out dolls, each one representing 1000 of Colombia's 4 million displaced people. Throughout February and March, we are calling for dozens of **doll-making parties**—opportunities to make dolls to be used in the public actions, while raising local awareness of Colombia's crisis. Ask your student club, church group, or community organization to consider hosting a doll-making party. For a doll-making guide, displacement factsheet, & compelling video, go to

[www.peaceincolombia.org](http://www.peaceincolombia.org)

*If interested in doll-making or April 20 actions, contact the local organizer at left.*

**4 Million Displaced People: Colombia now has the world's worst internal displacement crisis**

**What the US is doing about it: \$6 billion in military aid, futile fumigations, and NAFTA-style free trade**
